Dear Mr. Lennox:

Thank you again for providing our patrons with such an educational and entertaining program on Thursday, July 15. I was so enthusiastic about the whole evening that I couldn't wait to share the information that I learned, with my family.

Just to let you know, you received several compliments for days after your program. I can certainly tell that not only do you have a love for learning and studying the space program, but also that you truly enjoy sharing this information with people of all ages.

You are a true professional, and it would be a pleasure to have you back at the Lyndhurst Public Library in the future. If you need anything from me please feel free to contact me. Thanks again!

Sincerely,

Denise A. Yanosey
